EXPERIENCE

Ciena Pvt. Ltd. — BI & Data Informatics Engineer

Feb 2023 - PRESENT

- Designed and implemented scalable data models and ETL processes, enhancing BI infrastructure with **Power BI, Looker, Snowflake, and Oracle** databases.
- Developed and maintained **30+ reports** for PMOs across global franchises, ensuring accurate and timely data reporting.
- Forecasted sales and purchase costs** using Power BI tools, supporting financial planning and budgeting.
- Streamlined data analysis and reporting using **DAX, Microsoft Co-pilot, M-code, Datalake**, and the entire Microsoft analyzing suite.
- Maintained **strong communication** and rapport with global leaders across different time zones.

Trantor Software Pvt. Ltd. — BI Developer

Sep 2021 - Jan 2023

- Developed and maintained scalable data models and ETL processes for LendingPoint, a US-based financing company, **improving BI infrastructure efficiency by ~50%**, using **DOMO, GCP BigQuery, and SQL**.
- Collaborated with stakeholders** to deliver data-driven solutions, increasing data accuracy.
- Designed and launched **over 50 complex reports** and dashboards in DOMO, utilizing **Magic ETL, MySQL Dataflows, and calculated fields (Beast Mode)**.
- Led the successful **migration** of MySQL datasets to GCP BigQuery, resulting in a **40% reduction** in query times.
- Transitioned data and dashboards from **DOMO to Looker**, using **LookML** and conducting a comprehensive analysis of both platforms.

Whitley Ecomm Pvt. Ltd. — Intern

Jun 2020 - Jun 2021

- Managed data visualization and reporting, developing interactive Power BI dashboards with DAX and M code.
- Created automated workflows and data transformations with Alteryx, streamlining data processing and analysis.

SKILLS

BI Tools: MS Power BI, DOMO, Alteryx, Looker, Tableau

Databases: MS SQL Server, MySQL, GCP BigQuery, Firebase

Languages: Python, R, LookML

Other Tools & Tech: ETLs, Bitbucket, Git, JIRA, MS Office (Excel, Docs, Access)

EDUCATION

MDU, Rohtak - B.Tech

2018 - 2021

Coursework: RDBMS, Python, ML, Data Structures, Algorithms, Cloud Computing

PUSA Institute of Technology, New Delhi - Diploma

2014 - 2017

CERTIFICATIONS

IBM Data Science Professional, Coursera - 2024

Career Essentials in Data Analysis by Microsoft and LinkedIn - 2023

Looker and LookerML, Udemy - 2022
